

Product Highlights

Transform Your Mobile Device Into a Baby Monitor

Whether you're at home or away at work, you can conveniently watch over your baby on your iPhone®, iPad®, or Android™ mobile device

Full-featured yet Simple to Use

The free mobile app gives you effortless access to advanced features like 2-way audio, notifications, lullabies, snapshots, video recording, and more^{2,3}

Perfect at Home or Away

Mount the camera in the nursery at home, or take it with you when going on a family trip; it's easy to keep an eye on your child no matter where you go

DCS-700L

Wi-Fi Baby Camera Jr.

Features

Camera

- Infrared night vision that turns on automatically when it gets dark
- 802.11n wireless lets you place the camera anywhere
- Can be powered by an external USB battery¹
- 5 different gentle lullabies built-in
- Interchangeable accent color ring

Intelligent Baby Monitoring

- Sound detection alerts you to loud noises, such as a baby crying
- Motion detection lets you know if the camera detects movement
- Notifications can be sent to your mobile device for detected events
- Two-way audio lets you hear your baby and allows you to respond and calm your child²

Convenient Control From Your Mobile Device

- Uses the free mydlink Baby app for iPhone, iPad, and Android devices
- The mydlink Baby app helps you set up your device and gives you easy access to all functions

Keep an eye on your little one with the DCS-700L Wi-Fi Baby Camera Jr. This portable camera transforms your mobile device into a versatile, yet easy to use baby monitor. Connect to the camera wirelessly or over the Internet so you can check on your infant no matter where you are. It includes a wide array of features to help you care for your child, including motion and sound detection, and night vision. It can even play gentle lullabies to help ease your baby to sleep!

Peace of Mind, Anywhere, Anytime

The Wi-Fi Baby Camera Jr. is specially designed to make it easy for you to care for your baby. Its versatile all-day monitoring turns on night vision automatically when it gets dark, giving you a clear picture day or night so you can keep an eye on things anytime. It's perfect for use in the home, or even when you're away; it's mydlink-enabled, which means that you can check on your baby remotely over the Internet.

Sophisticated Technology to Keep You Informed

The Wi-Fi Baby Camera Jr. helps alert you to specific events. When it detects movement or loud noises such as crying, it can send you notifications so you can check on your little one immediately. Not only can you see and hear your infant, but you can also comfort them with the sound of your voice through two-way audio.²

Perfectly Portable for Instant Monitoring Anywhere

You can take the Wi-Fi Baby Camera Jr. with you when traveling with your child, even when there is no available Internet connection. Just connect your mobile device to the Wi-Fi Baby Camera Jr.'s wireless network for instant local monitoring, making it perfect for family vacations or just visiting friends. You can even connect it to an external USB battery¹ for total portability!

Super Simple to Use

Getting started is a snap; the free mydlink Baby app for iPhone, iPad, and Android mobile devices not only guides you step by step through the setup process, but also gives you an easy to use interface for all the advanced features of the Wi-Fi Baby Camera Jr. Check on your baby at a glance, pinch to zoom in and out with ease, or play one of five gentle lullabies to soothe your child. You can even take snapshots and video clips and save them directly to your mobile device!³
