

5-in-1 USB-C Hub with Wireless HDMI

DUP-501

Project, Connect, and Fast Charge From One Hub

- All-in-one USB-C Hub to satisfy your every need of on-the-go connectivity: storage, peripherals, and display
- File transfers without waiting – USB 3.2 Gen 1x1 offers speeds up to 5Gbps¹
- Vivid display for presentation and entertainment – HDMI output supports wired HDMI with 3840x2160@60Hz and wireless HDMI with 1920x1080@60Hz
- The front button switches between wired and wireless HDMI display modes
- Up to PD 100W power pass-through to charge your laptop and power the connected peripherals when used with a USB-C power adapter
- Plug & Play - no driver installation required, simply plug in and you are ready to go
- Wireless HDMI operates on the 5GHz band with less congestion for smoother projection

Integrated Connectivity

Versatile connectors combined with wireless HDMI provide both wired and wireless connectivity to achieve seamless flexibility

Optimised for High-Efficiency Workflows

The hub connects to a variety of peripherals and gadgets to optimise your workspace

Reliable Pass-Through Charging

The PD port supports rapid charging with a capacity of up to 100W, ensuring the connected devices always stay powered

Backwards Compatible

The USB and HDMI ports are fully compatible with any legacy devices that support older generations

Declutter & Keep Your Setup Tidy

Sleek, compact, and flexible — connect from the front or back of your laptop or desktop to maintain a clean, organised workspace.

Easy Yet Powerful

No driver installation is required with plug and play – USB 3.2 Gen 1x1 (up to 5Gbps) offers high-speed data transfer while HDMI 2.0 delivers vivid, true-to-life images

Reliable & Stable

Wireless transmission of HDMI signals on the 5GHz band with much lower interference than the 2.4GHz band for clearer visuals wherever you need it

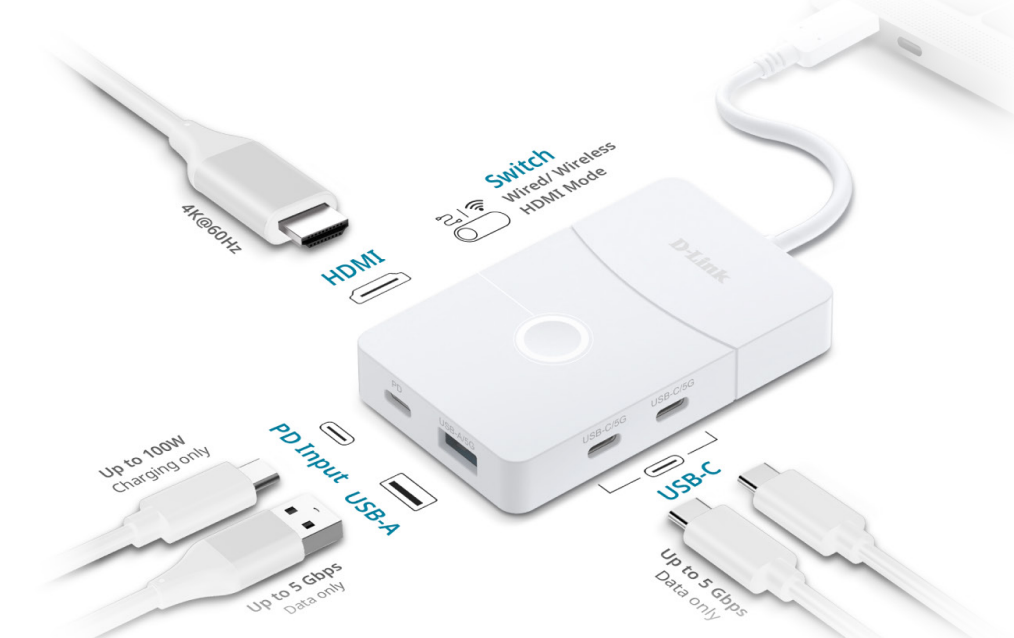

Best On-the-Go Partner

Simplify your workspace while enhancing communication with superior connection speed and transmission quality, whether you're in the office, at home, or on the go

Technical Specifications

General

USB-C Hub Interfaces ^{2,3}	Video Ports: 1 x wired HDMI 2.0 (3840x2160@60Hz) USB Ports: 2 x USB Type-C 3.2 Gen 1x1: 5Gbps 1 x USB Type-A 3.2 Gen 1x1: 5Gbps PD-in Port: - USB Type-C: supports USB Power Delivery (PD 3.0) 100W power pass-through for fast charge Button: - Switch between wired and wireless HDMI mode Host Connector: - USB Type-C 3.2 Gen 2x1 cable: 10Gbps with USB Power Delivery (PD 3.0) 85W for fast charge
Wireless HDMI Receiver Interfaces	1 x HDMI 1.2 (1920x1080@60Hz) - Transmission distance limit: 30m 1 x USB-A: requires power of 5V@1A
Display Resolution ⁴	HDMI 2.0: 4K (3840x2160@60Hz) for wired HDMI and 1920x1080@60Hz for wireless HDMI
LED	- Green: Power on, Hub Mode - Green: Power on, Wired HDMI Mode - White: Power on, Wireless HDMI Mode

Supported System

Operating System	macOS, Windows 10, Windows 11, and Android
------------------	--

Physical

Dimensions	USB-C Hub: 90 x 55 x 15 mm	Wireless HDMI Receiver: 27.5 x 18.5 x 10 mm
Weight	USB-C Hub: 61.5g	Wireless HDMI Receiver: 22.3g
Operating Temperature	0°C~40°C	
Storage Temperature	-20°C ~ 65°C	
Operating Humidity	10% to 90% non-condensing	
Storage Humidity	5% to 95% non-condensing	
Certifications	CE, FCC, RCM, HDMI	

Ordering Information

DUP-501	5-in-1 USB-C Hub with Wireless HDMI
Barcode / UPC	790069479649

¹ Speed may vary due to the hardware, software and usage of both ends.

² Backward compatible with previous USB versions.

³ Incompatible with TEAMGROUP MP44 M.2 PCIe 4.0 SSD (TM8FPW008T0C101).

⁴ Resolutions based on DP 1.4 of the input signal of the connected device. If the input signal of the connected device is compatible with DP 1.2 graphics on Windows, only 4K (3840x2160@30Hz) can be supported as the max resolution.
